

**PRINT WARNING:** Adobe Acrobat Reader has default settings to shrink pages to fit 8½ x 11" paper. You must turn these off or your pages will print the wrong size (too small).

**In the "Print" dialog box** select the option(s) so that Acrobat Reader doesn't shrink the music to fit the page. The selections are slightly different in every version of Acrobat. You may have to experiment.

If your document is printing at the correct size, the box below will be 7" wide x 8½" tall.
